About the Institution:-

AnuBose Institute Of Technology (ABIT), located at Paloncha an industrial Hub in Bhadradi Kothagudem district, is sponsored by the National Educational Trust, Paloncha. The members of the trust are eminent personalities in various walks of life and dedicate their selves to the cause of education. In light of this, ABIT has been established in 2008 with special attention to the technical education and approved by AICTE, New Delhi and affiliated to the premier and world renowned Jawaharlal Nehru Technological University, Hyderabad. The ABIT expands itself as "Always Best In Technical-education" by making use of the latest technologies and quality teaching. It lays emphasis on innovative research, investment in high-quality facilities and first-rate infrastructure

AnuBose Institute of Technology (ABIT) strives to make students confident and creative builders of their future. ABIT believes learning is maximized when it takes place in an environment enriched with support, encouragement and assistance. In ABIT we encourage the students to meet academic challenges with openness, enthusiasm, and a willingness to solve problems. We provide a rigorous, academic program through which effective educators lead students to take responsibility for learning. To raise itself as a centre of excellence through integrated educational, academic and industrial research and consultancy services. To actively participate in the development of technical manpower and physical infrastructure for enhancing the country's credibility and stature. To undertake cooperative research in the industry for up gradation of current technologies and development of new ones, to improve quality and cost effectiveness, while participating in the ongoing process of globalization. To play a noble role for making significant contributions for social upliftment through technical education.

VISION:-

To flourish as a centre of excellence for producing the skilled technocrats and committed human beings

MISSION:-

IM1: To create conducive environment for teaching & learning.

IM2: To impart quality education through demanding academic programs.

IM3: To enhance career opportunities by exposure to recent & industries technologies.

IM4: To develop professionals with strong ethics and human values for the betterment of society.

PRINCIPAL
ANUBOSE INSTITUTE OF TECHNOLOGY
K.S.P. Road, PALONCHA-507 115

About the Department:-

The department of Computer Science & Engineering is committed to encourage students / researchers to carry out innovative research in the field of Computer Science & Engineering, keeping excellence in focus and deliver quality services to match the needs of the technical education system, industry and society.

The department of Electronics & Communication Engineering is committed to put all efforts to make the students compete internationally and produce creative solutions to society's needs, universal moral values, and to generate any knowledge and technologies essential to the local and global needs in the field.

The department of Civil Engineering is committed to give an exposure to budding civil technocrats to various challenges in the profession having a highly qualified and experienced faculty with excellent academic record.

Identification, analysis, and implementation of the best solutions are all aspects of problem-solving abilities. An employee who is good at solving problems is both a self-starter and a cooperative team member. They are proactive in identifying the source of a problem and collaborate with others to consider a variety of solutions before deciding how to proceed.

Outcome of the Program:

- Cognitive ability becomes a better predictor of job performance the more complex the job.
- Improved Calculations with Short Tricks explained.
- Out of the box questions can be answered with the approach explained.
- Common methodologies of solving questions related to Verbal Aptitude, Logical Reasoning and Quantitative Aptitude are explained clearly.

About the Institution:-

AnuBose Institute Of Technology (ABIT), located at Paloncha an industrial Hub in Bhadradi Kothagudem district, is sponsored by the National Educational Trust, Paloncha. The members of the trust are eminent personalities in various walks of life and dedicate their selves to the cause of education. In light of this, ABIT has been established in 2008 with special attention to the technical education and approved by AICTE, New Delhi and affiliated to the premier and world renowned Jawaharlal Nehru Technological University, Hyderabad. The ABIT expands itself as "Always Best In Technical-education" by making use of the latest technologies and quality teaching. It lays emphasis on innovative research, investment in high-quality facilities and first-rate infrastructure

AnuBose Institute of Technology (ABIT) strives to make students confident and creative builders of their future. ABIT believes learning is maximized when it takes place in an environment enriched with support, encouragement and assistance. In ABIT we encourage the students to meet academic challenges with openness, enthusiasm, and a willingness to solve problems. We provide a rigorous, academic program through which effective educators lead students to take responsibility for learning. To raise itself as a centre of excellence through integrated educational, academic and industrial research and consultancy services. To actively participate in the development of technical manpower and physical infrastructure for enhancing the country's credibility and stature. To undertake cooperative research in the industry for up gradation of current technologies and development of new ones, to improve quality and cost effectiveness, while participating in the ongoing process of globalization. To play a noble role for making significant contributions for social upliftment through technical education.

VISION:-

To flourish as a centre of excellence for producing the skilled technocrats and committed human beings

MISSION:-

IM1: To create conducive environment for teaching & learning.

IM2: To impart quality education through demanding academic programs.

IM3: To enhance career opportunities by exposure to recent & industries technologies.

IM4: To develop professionals with strong ethics and human values for the betterment of society.

About the Department:-

The department of Electrical and Electronics Engineering is committed to contribute its bit in the national effort of providing quality electrical engineers in the service of mankind.

The department of Mechanical Engineering is to committed to impart quality and innovative education in mechanical engineering with basic and specialized training, internships to meet the current and emerging needs of the industry.
