

ANUBOSE INSTITUTE OF TECHNOLOGY

ENTREPRENEURIAL DEVELOPMENT CELL

Introduction:

As the government takes steps to promote a cultural of enterprise, Academic institutes have an important role to play in promoting Entrepreneurialism in India. Hon'ble Prime Minister of India launched the Startup India initiative in the year 2016. The idea is to increase a wealth and employability by giving wings to Entrepreneurial spirits. Skill development and creating job opportunities go hand in hand to enhance the country economically and technically. Developing entrepreneurship opportunities meet the required demand of economic landscape of India. The aim of the Entrepreneur development cell is to develop in young entrepreneurs by providing necessary skills, trainings, Proper guidance and motivation to be Entrepreneurous.

Vision:

Creating a sustainable and diverse Entrepreneurial ecosystem to develop support and deliver the Entrepreneurial spirit amongst students which enables them to create and profile rate and their business.

Mission:

1. To nurture innovativeness and fostering entrepreneurial culture among students.
2. To create develop and impart the ability to devise solutions for the problems of society and industry.
3. To work with industry in pursuit of knowledge and research, leading to the development of cutting edge and commercially-viable technologies.

Objectives:

The entrepreneurship development cell is solely responsible for incubating entrepreneurial ventures within the campus and providing them with necessary assistance and resources for their expansion.

1. To create awareness on entrepreneurship among students.
2. To inculcate entrepreneurial spirit and cultural among students.
3. To kindle the sparks of students to develop their own start-ups.
4. To prepare the students to run family businesses, and manage new ventures within established organization.

Policies and Guidelines / Framework:

TO fulfill the objects of EDC of IIT, the framework includes 5 major standards.

1. Formal Education and training:

Most of the students are not moving towards the entrepreneurship due to lack of knowledge, how to convert their idea are innovations into product.

- Encourage the student to become self-employed through various hands-on workshops.
- Invite the well-known trainers and entrepreneurs from various institute to train the students.
- Support to entrepreneurs including coordinated delivery of national and state government entrepreneurship.

2. Facility:

- We will provide infrastructure facilities to the students.
- Facilities are introducing the domain related industries to the interested students as well as helping them in the initial stage of the enterprise.

3. Quality:

- National standards for the skill and enterprise must be maintained as per norms of quality assurance framework of India.
- Quality of projects is checked as per the market studies and demand.

4. Technology transfer:

- Key-note speakers for the industry are involved into the training students. So how the market condition will be discussed with the students.

- Make student approach to the industry very easy through technology business incubation cell.

5. Social Entrepreneurship:

- Introducing students with the social entrepreneurship, this deals with the issues of poverty, unemployment and inequity in society.
- ED cell includes the student for all the departments.

- Women entrepreneurs are also promoted and motivated to form and enterprise.
